

### FA 3 Paper of STD 7<sup>th</sup>

#### Computer

Choose the correct option from the following.

- 1 \_\_\_\_\_ is not a component of Flash window.  
A Stage                      B Time line                      C Symbol                      D All of these
- 2 Layers help to organize \_\_\_\_\_.  
A Presentation              B Art work                      C Action                      D None
- 3 The animating object can be moved on a specific path y using \_\_\_\_\_.  
A Motion Guide tweening                      B Motion Guide Layer  
C Movement Guide tweening                      D Movement Guide Layer
- 4 The short cut key used to save a movie or an animation are \_\_\_\_\_.  
A Ctrl + Enter              B Ctrl +S                      C Ctrl + Save                      D Enter
- 5 The layer shown by default is \_\_\_\_\_.  
A Normal Layer              B Guide and Guided LayerC Mask & Masked Layer D Guide Layer
- 6 F6 key is used to insert a new key frame in the movie.                      A True                      B False
- 7 Layers are transparent sheets placed one above the other to organize the art work or animation.  
A True                      B False
- 8 Layers are once added to the movie can't be remove or hidden.                      A True                      B False
- 9 Animation is a collection of still images in sequence where each image is known as frame.  
A True                      B False
- 10 The animating object can be moved on a specific path by using Shape tween.  
A True                      B False
- 11 Tint tweening can be applied to the symbols created for the object in Flash.  
A True                      B False
- 12 Animation is the rapid display of a sequence of \_\_\_\_\_ images.  
A 1D & 2D                      B 2D & 3D                      C 3D & 7D                      D None
- 13 Animation is a series of \_\_\_\_\_ images.  
A Still                      B Moving                      C Drawing images                      D All
- 14 Each image is called\_\_\_\_\_.  
A Picture                      B Animation                      C Drawing                      D Frame
- 15 \_\_\_\_\_ is another software for crating animation.  
A Image Software              B Animating Software                      C Crystal 3D impact                      D Any of these
- 16 \_\_\_\_\_ is a combination of two or more colours.  
A Gradient                      B Mixing of colour                      C A and B both                      D None
- 17 Mainly there are how many types of gradients are there?  
A 1                      B 2                      C 3                      D 4
- 18 Gradients have \_\_\_\_\_ bands of colour.  
A Straight                      B Upward                      C Downward                      D Parallel
- 19 \_\_\_\_\_ gradient changes colour from the starting point to the end point.  
A Parallel                      B Straight                      C Linear                      D Radial
- 20 \_\_\_\_\_ gradient changes colour in the outward direction starting from the focal point.

- A Parallel B Straight C Linear D Radial
- 21 Gradient fill basically gives \_\_\_\_\_ to the object.
- A Darkens B Lightens C Shading D Sharpen
- 22 Layers are \_\_\_\_\_ within your project's timeline.
- A Divider B Divides C Division D None
- 23 There are mainly \_\_\_\_\_ types of Layers.
- A 1 B 2 C 3 D 4
- 24 \_\_\_\_\_ is the layer where we can draw and animate an object.
- A Normal Layer B Guide and Guided Layer C Mask & Masked Layer D Guide Layer
- 25 \_\_\_\_\_ is the layer the name suggest this layer guides the path to the other layers.
- A Normal Layer B Guide and Guided Layer C Mask & Masked Layer D Guide Layer
- 26 \_\_\_\_\_ is the layer we may place a shape or symbol on a layer & select it as mask layer by choosing the Selection Mask option.
- A Normal Layer B Guide and Guided Layer C Mask & Masked Layer D Guide Layer
- 27 The \_\_\_\_\_ layer is highlighted in the Time line & is indicated with a pencil tool.
- A Inactive B Active C Working D None
- 28 \_\_\_\_\_ is a process of hiding & displaying content on a layer.
- A Hiding B Not Displaying C Masking D All
- 29 There are how many methods of an animation?
- A 1 B 2 C 3 D 4
- 30 \_\_\_\_\_ is similar to making one shape appear to change into another shape over time.
- A Motion tween B Shape tween C Motion Guide D None

Paper 2 Std 7<sup>th</sup>

Choose the correct option

- 1 \_\_\_\_\_ refers to protection of computer based hardware and software resources.  
A Computer Protection B Computer Security  
C Computer Safety D None
- 2 \_\_\_\_\_ process of verifying a user's identifying before granting him/her access to as system.  
A Computer Protection B Computer Security  
C Computer Safety D Authentication
- 3 \_\_\_\_\_ is the most common method of authentication computers.  
A Biometric B encryption C Password D None
- 4 A password is usually a series of \_\_\_\_\_ characters.  
A numeric B Alphanumeric C Bullets D Alphabetical
- 5 \_\_\_\_\_ refers to the process of identifying individuals by using their physiological & behavioural characteristics.  
A Biometric B encryption C Password D None
- 6 A \_\_\_\_\_ sensor is used to create a digital image of finger print.  
A Hand recognition B Finger Print C Thumb Print D All
- 7 Malicious software such as Viruses, Trojans & Worms are collectively known as \_\_\_\_\_.  
A Viruses B Jointly Viruses C malware D None
- 8 The most of effective way to identify & remove malware is to use \_\_\_\_\_ software.  
A Viruses B Jointly Viruses C malware D Antivirus
- 9 \_\_\_\_\_ refers to the process of identifying individuals by using their physiological & behavioural Characteristics.  
A Biometric B encryption C Password D None
- 10 \_\_\_\_\_ identification is done by scanning of the iris of the eye.  
A Eye B Iris C Both A & B D All
- 11 \_\_\_\_\_ is the process of converting data & information into a form that is not readable by any one.  
A Biometric B encryption C Password D None
- 12 \_\_\_\_\_ means the process of converting encrypted data back into readable form.  
A Biometric B encryption C Password D Decryption
- 13 \_\_\_\_\_ is a common technique used to protect data form misuse.  
A Biometric B encryption C Password D Decryption
- 14 Encryption is widely used is \_\_\_\_\_.  
A banking B Internet banking C Post D Malls
- 15 \_\_\_\_\_ means Alphabet or numbers.  
A Alpha numeric B Only Alphabets C Only Numbers D All
- 16 Decipher means \_\_\_\_\_.  
A Encode B Decode C Decoding D Encoding
- 17 \_\_\_\_\_ is the science of measuring & analyzing characteristics of the human body.  
A Bio medical B Bio metrics C Metrics D Biological
- 18 \_\_\_\_\_ is the process of gaining entry into a system by virtue of providing a valid user name & password.

Paper 3 STD 7<sup>th</sup>

Choose the correct option from the following.

- 1 \_\_\_\_\_ is not a component of Flash window.  
A Stage                      B Time line                      C Symbol                      D All of these
- 2 Layers help to organize \_\_\_\_\_.  
A Presentation              B Art work                      C Action                      D None
- 3 The animating object can be moved on a specific path y using \_\_\_\_\_.  
A Motion Guide tweening                      B Motion Guide Layer  
C Movement Guide tweening                      D Movement Guide Layer
- 4 The short cut key used to save a movie or an animation are \_\_\_\_\_.  
A Ctrl + Enter              B Ctrl +S                      C Ctrl + Save                      D Enter
- 5 The layer shown by default is \_\_\_\_\_.  
A Normal Layer              B Guide and Guided Layer                      C Mask & Masked Layer                      D Guide Layer
- 6 A \_\_\_\_\_ sensor is used to create a digital image of finger print.  
A Hand recognition              B Finger Print                      C Thumb Print                      D All
- 7 Malicious software such as Viruses, Trojans & Worms are collectively known as \_\_\_\_\_.  
A Viruses                      B Jointly Viruses                      C malware                      D None
- 8 The most of effective way to identify & remove malware is to use \_\_\_\_\_ software.  
A Viruses                      B Jointly Viruses                      C malware                      D Antivirus
- 9 \_\_\_\_\_ refers to the process of identifying individuals by using their physiological & behavioural Characteristics.  
A Biometric                      B encryption                      C Password                      D None
- 10 \_\_\_\_\_ identification is done by scanning of the iris of the eye.  
A Eye                      B Iris                      C Both A & B                      D All
- 11 Tint tweening can be applied to the symbols created for the object in Flash.  
A True                      B False
- 12 Animation is the rapid display of a sequence of \_\_\_\_\_ images.  
A 1D & 2D                      B 2D & 3D                      C 3D & 7D                      D None
- 13 Animation is a series of \_\_\_\_\_ images.  
A Still                      B Moving                      C Drawing images                      D All
- 14 Each image is called \_\_\_\_\_.  
A Picture                      B Animation                      C Drawing                      D Frame
- 15 \_\_\_\_\_ is another software for crating animation.  
A Image Software              B Animating Software                      C Crystal 3D impact                      D Any of these
- 16 Decipher means \_\_\_\_\_.  
A Encode                      B Decode                      C Decoding                      D Encoding
- 17 \_\_\_\_\_ is the science of measuring & analyzing characteristics of the human body.  
A Bio medical                      B Bio metrics                      C Metrics                      D Biological
- 18 \_\_\_\_\_ is the process of gaining entry into a system by virtue of providing a valid user name & password.  
A Log in                      B Log out                      C Logging In                      D None
- 19 Some well known \_\_\_\_\_ programs are Norton, AVG, and McAfee etc.

## Q.1. Multiple choice questions:

1. Soil is made up of.... (a) pebbles, sand and silt (b) pebbles, sand, silt, clay and humus (c) sand, pebbles and humus (d) pebbles and sand.
2. Xerophytic plants survive in.. (a) clayey soil (b) sandy soil (c) silty soil (d) loamy soil
3. Soil can be conserved by... (a) using excessive chemical fertilisers (b) growing cover crops and shelter belts (c) reducing the growth of grass (d) cutting down of big trees.
4. Where does the gaseous exchange take place in an earthworm? (a) moist skin (b) lungs (c) gills (d) body surface.
5. In which type of habitat do animals that respire through gills live? (a) aquatic (b) grasslands (c) terrestrial (d) desert.
6. What is not required for anaerobic respiration? (a) energy (b) glucose (c) oxygen (d) carbon dioxide.
7. The transport system in plants is called.... (a) photosynthesis (b) circulatory system (c) vascular system (d) transpiratory system.
8. Water rises in the Xylem tubes due to... (a) photosynthesis (b) gravitation pull (c) respiration (d) transpiration pull.
9. The male reproductive part of the flower is the... (a) pistil (b) stigma (c) stamen (d) ovary.
10. An insect pollinated flower will most probably have... (a) no leaves (b) brightly coloured fruits (c) colourful petals (d) no petals.
11. The union of a male gamete with a female gamete is known as... (a) pollination (b) cross pollination (c) fertilisation (d) self pollination.
12. An aircraft flying at a constant speed is an example of... (a) periodic motion (b) random motion (c) uniform motion (d) non- uniform motion.
13. If we measure the distance in kilometres and the time in hours, the unit of speed is written as.. (a) h/kms (b) k/seconds (c) km/h (d) kmh.
14. If a distance time graph of an object in motion is not a straight line, the distance is... (a) stationary (b) in uniform motion (c) in non- uniform motion (d) in rectilinear motion.
15. 20 hours is.... (a) 2 p.m. (b) 8 p.m. (c) 8 a. m. (d) 12 a. m.

## Q.2. Answer the following questions in one sentence.

- a. What are obelisks? b. Define an oscillation. c. What is motion? d. What does a speedometer measure?
- e. How is a rose plant propagated? f. What is zygote? g. Which part of a flower develops into a fruit?
- h. What is blood circulation? i. Which type of blood cells protect us from infectious diseases?
- j. Are Xylem bundles present in the roots? k. What is breathing rate? l. How are dust particles prevented from entering the lungs? m. How do micro organisms respire? n. Where does the gaseous exchange occur in fish?
- o. What does soil contain? p. From where do the soil organisms obtain air?

## Q.3. Answer the following questions in two sentences:

- a. Differentiate between loamy soil and sandy soil. b. What are shelter belts? c. What do you understand by percolation rate of soil? d. Describe gaseous exchange in the human body. e. What is cellular respiration?
- f. Differentiate between aerobic and anaerobic respiration. g. What causes cramps in a person? h. Describe the functions of blood platelets. i. What is transpiration? j. What is the function of the lymph nodes?
- k. What is sexual reproduction? l. Describe the embryo of a seed. m. What is seed dispersal? Give an example.
- n. What is vegetative reproduction? Explain with an example. o. What is an atomic clock?
- p. Explain the function of an odometer. q. Differentiate between uniform and non- uniform motion.

## Q.4. Answer the following questions in about four to five sentences:

- a. Differentiate between a speedometer and an odometer. b. Describe two methods of noting time.
- c. Explain with a neat labelled diagram the structure of a typical flower. d. Differentiate between cross pollination and self pollination. e. Differentiate between arteries and veins. f. Describe the structure of the human heart with

a diagram. g. How is carbon dioxide removed from the body? h. Differentiate between inhalation and exhalation.  
i. How is sandy soil different from clayey soil?

**Q.5. Fill in the blanks:**

a. The \_\_\_\_\_ is commonly called the windpipe. 2. In most vertebrates, gaseous exchange occurs through\_\_\_\_  
3. Fish respire through\_\_\_\_ 4. The air in the alveoli is called \_\_\_\_ air. 5. During inhalation, the\_\_\_\_ contracts.  
6. Below the rib cage, there is a sheet of muscles called the\_\_\_\_. 7. The\_\_\_\_ develops inside the ovule.  
8.The \_\_\_\_ develops into the root system. 9. Seeds of sycamore are dispersed by \_\_\_\_\_. 10. The tip of the style of a  
flower is called the \_\_\_\_\_. 11. The male gametes are inside the\_\_\_\_\_.

**Q.6. Write true or false:**

a. Unicellular animals have specialised organs to perform various functions.\_\_\_\_ 2.Transpiration is the evaporation  
of water from the stem of a plant.\_\_\_\_ 3. White blood cells protect the body against infectious diseases.\_\_\_\_ 4. The  
lungs are made up of filters that remove waste from the blood.\_\_\_\_ 5. Pulmonary veins carry oxygen poor blood to  
all parts of the body.\_\_\_\_ 6. Sweat is a waste material.

### Q.1. Multiple choice questions:

1. Among the seven historical cities of Delhi, this is the only city built by Mughal Emperor....  
(a) Firozabad (b) Tughlaqbad (c) Shahajahanabad (d) PuranaQila
2. South Indian temples were built in this style...(a) Nagara (b) Dravidian (c) Rock-out (d) Double Amaloka
3. KandariyaMahadeva temple was built by...(a) Cholas (b) Chandellas (c) Rashtrakutas (d) Rajputs.
4. Masulipatnam is famous for its \_\_\_\_ work. (a) Gemcutting (b) Kalamkari (c) Bidri (d) Spice Trading.
5. The trading company which established their control in Surat was the (a) Portuguese (b) Dutch (c) English (d) French.
6. The Grand Trunk road was built was.. (a) Akbar (b)Humayun (c) Jahangir (d) ShershahSuri.
7. Chaurasis were a group of \_\_\_\_ villages.(a) 84 (b) 12 (c) 24 (d) 35
8. Which region is the home to the largest number of tribal communities in India...(a) North-west (b) North-East (c) South- East (d) South- West.
9. Which one of these is not a Gond Kingdom? (a) Garh- Mandala (b) Chanda (c) Chandella (d) Kherla.
10. Chaitanya, a Bhakti Saint of Bengal was the devotee of... (a) Vishnu (b) Shiva (c) Krishna (d) Ganesha.
11. The Sufi saints lived in... (a) Majid (b) Madrasah (c) Khanqah (d) Mahal.
12. The holy book of Sikhs is... (a) Quran (b) Gita (c) Bible (d) Guru Granth Sahib
13. A covering forming by the leafy upper branches of trees in a rainforest is called..(a) Prairies (b) Savanna (c) canopy (d) Pampas.
14. The Tropical grassland of Africa are called...(a) Down (b) Veldts (c) Steppes (d) Savanna.
15. The \_\_\_\_ is the longest ocean route. (a) pacific Ocean Route (b) North- Atlantic sea Route (c) South Atlantic Route (d) Silk Route.
16. It is the best means of transport for long distance..(a) Railways (b) water ways (c) Air ways (d) roadways.
17. Which one of these is not a dimension of health? (a) Physical health (b) Social health (c) Primary health (d) Mental health.
18. Where is Jawaharlal Nehru Cancer Hospital and Research Centre...(a) Allahabad (b) Delhi (c) Bhopal (d) Chennai.
19. What is the full form of PHC... (a) Primary Health care Centres (b) Public Healthcare Centres (c) Public health Community Centres (d) Private Health Centre.
20. The government has established a \_\_\_\_ tier medical system. (a) three (b) two (c) four (d) six
21. When was RTI enacted? (a) 2005 (b)2007 (c) 2006 (d)2012.

### Q.2. Fill in the blanks:

- (a) Consumers have the right to \_\_\_\_ against unfair trade practises. b. The media should always \_\_\_\_ the truth and report it. c. MKSS was formed in \_\_\_\_ in \_\_\_\_.
- d. \_\_\_\_ involves perfect functioning of all the organs and system of body. e. \_\_\_\_ provides direct link between people and medical facilities of the grassroots level.
- f. To reduce the number of \_\_\_\_ good quality \_\_\_\_ are provided. g. Tribals live in perfect \_\_\_\_ with their environment.
- h. Settlements growing around transport routes are \_\_\_\_ point settlements. i. \_\_\_\_ is suited for long journey across the desert. j. Hunting expedition of Savanna gave Africa the name of \_\_\_\_ country.
- k. \_\_\_\_ is a cold desert. l. Sikhism was founded by \_\_\_\_.
- m. \_\_\_\_ is the book which contains Kabir's philosophy.
- n. \_\_\_\_ is an important festival of the Gonds. o. \_\_\_\_ were the tribal group who controlled the Brahmputra valley.
- p. The English set up a factory in Surat in \_\_\_\_.
- q. Masulipatnam is situated on the \_\_\_\_ coast.
- r. Surat is situated on the banks of river \_\_\_\_.
- s. \_\_\_\_ was built by RanaKumbha.
- t. Shah Jahan built \_\_\_\_ in Delhi when he established Shahjahanabad.

### Q.3. Write true or false:

1. Mental health means perfect functioning of all the organs and system of body. \_\_\_\_
2. Expansion of better and advanced medical facilities has led to considerable improvement in health status of our population. \_\_\_\_
3. NVBCP is being implemented to spread the vector borne diseases. \_\_\_\_
4. Costa Rica is a South American country. \_\_\_\_

5. Mass communication takes place between two people or persons. \_\_\_\_
6. RTI Act is against every individual. \_\_\_\_
7. Media should always be accountable towards the people. \_\_\_\_
8. Advertising is possible without media. \_\_\_\_
9. Misleading advertising leads to consumer awareness. \_\_\_\_

**Q.4. Write short answers:**

- a. Mention two main features of the temples of North India.
- b. Describe two main features of Islamic architecture.
- c. What are the distinctive features of Mughal architecture?
- d. What are court towns ? Give two examples.
- e. What is Kalamkari work? Why is it called so ?
- f. Who are nomadic tribes?
- g. What were the religious beliefs of the Gonds?
- h. What were the teachings of Guru Nanak?
- i. What were the teachings of Kabir ?
- j. What is Tundra vegetation? Where is it found ?
- k. What are Tropical Evergreen Rainforests and Tropical Deciduous forests?
- l. What do you understand by the term "settlement"?
- m. What is transhumance ?
- n. What are the various dimensions of health? Describe each in brief.
- o. What do you know about the types of healthcare facilities available in India?
- p. What is advertising? Name two types of advertising.
- q. What is the main difference between commercial and social advertising.

**Q.5. Write long answers:**

- a. Write two advantages and three disadvantages of advertisement.
- b. What do you know about government initiated National Vector Borne Diseases Control Programme?
- c. The temple of central India were different from Nagara style. Explain
- d. How can you say that Hampi was an administrative as well as temple town?
- e. What were the occupations of the Gonds?
- f. Write about the teachings of Sufi Saints?
- g. Distinguish between Rain forest and coniferous forest?
- h. Why did settled habitations develop ?
- i. Describe the role played by media in forming public opinion.

**Q.1. Answer the following questions:**

- Why did the mother and grandmother get startled?
- What do you think would have happened if Gopi and Hari had thought only about themselves?
- The boys did feel, within themselves, that the coach was right. Do you agree?. If so, why?
- The doctor, herself a polio patient, was an example of a fighter to survive. What was her greater goal?
- Is it possible in today's world to work for common good when it is so easy to flatter common people and get what you want and just forget about them?
- Why is Ela Bhatt an extraordinary person?
- In what ways was Begum Akhtar's uncle a great support to her in the hard times she went through?
- What barrier did Helen Keller overcome to become world famous?
- Ela Bhatt is a woman of modern India. But she led women in deprived circumstances to get together and harness their potential. What do you think were the extraordinary qualities in her which made her do so?
- Why was Jose considered as not such a good student as Nand? Why was the impression wrong?
- Why did the teacher remark that both Nand and Jose had learnt from each other?
- Do you think the spirit of enquiry has helped mankind?
- Have you ever wanted to understand how something works? What did you do about it?
- Did Nand think it was enough to know only what was in the textbooks? Did he need to learn to apply what was taught in the textbooks to real life?

**Q.2. Multiple choice questions:**

- What were the difficulties Begum Akhtar faced in her earlier years?  
a. She was not allowed to step out of her house. b. There was no member in the family who was musically inclined. c. She was born in a high class family.
- How did Begum Akhtar strive to make a come back to the music world?  
a. She tried to convince her husband to let her go back to singing. b. When she fell ill the doctors told that only music would save her. c. She was persuaded by the music lovers to do so.
- How was Ammu an extraordinary person?  
a. She was a good singer. b. She loved everyone. c. She was a trendsetter by being fiercely independent in the world where the man was the master.
- Why have many women been given the Magsaysay award?  
a. They had worked very hard to get the award. b. They did extraordinary work against all odds and each in a different field.
- Playing the game is not just the action of playing but much more. What is it?  
a. Thinking beyond one's personal interest and playing as a team. b. Using one's talent well to show off. c. Playing better than the members in the other team.
- What did the coach say to the boys to make them see reason?  
a. They should not fight with each other. b. They were both very talented. c. They were playing at the international level for the first time.
- What was the common good towards which the doctor was working?  
a. eradication of Polio b. upliftment of small towns c. expansion of the hospitals.
- Why do you think the doctor had to describe at length the importance of vaccinating against polio?  
a. She wanted to clear whatever fears the child's mother and grandmother had about the vaccination. b. She liked to talk about her work as a doctor. c. She wanted to earn money from them.
- Why did Nand find the question papers for the competition tough?  
a. Some questions were out of text. b. He was trained only to reproduce answers from the text. c. The time allotted for the completion was insufficient.
- Why did Nand and Jose decide to enter the contest as a team?  
a. It would be combination of both the individuals skills, knowledge and imagination.
- What was it that took Raghuvir and his friends to an unusual place like Pangsang so?  
a. Parental Pressure b. School project c. Curiosity d. Cure for an illness.
- From where did Raghuvir find out about Pangsang so?  
a. Friends b. Internet c. Family.

**Q.3. Fill in the blanks.**

1. \_\_\_\_\_ in the world outside were closed to them.
2. There is a reawakening among the \_\_\_\_\_ who are strong believers in equality between men and women.
3. Our society is emerging as an \_\_\_\_\_ where we have as our ideals.
4. We have to travel a lot more to reach an \_\_\_\_\_ where a person's worth is judged.
5. Within each one of us there is a \_\_\_\_\_ for looking beyond our ourselves.
6. If we allow this potential inside us to \_\_\_\_\_, we will see the world around us with an definite purpose and look upon its joys and sorrows.
7. We will work towards the \_\_\_\_\_, towards a specific goal which benefits all or most members of the community.
8. Actions which benefit a large group of people or even the country as whole, are possible only by persons with \_\_\_\_\_.
9. We work towards the common good not for \_\_\_\_\_ or glory.
10. We cannot \_\_\_\_\_ our country to provide everything for us.
11. We must also help our resources and \_\_\_\_\_
12. A very important area where we can help is working towards a safe and \_\_\_\_\_.
13. Education is the \_\_\_\_\_ of a flame, not the filling of interest.
14. We are born with \_\_\_\_\_ and curiosity which is the first essential ingredient of a scientific temper.
15. \_\_\_\_\_ and finding out something in life is a joy itself.

**Q.4. Dairy writing...**

Renu was made monitor in her class. Her classmates used to call her Grandma, Miss Amul Butter and so on. Renu held on unaffected. She used to keep her class silent. She was an example for every monitor. One day things went too far. As she entered the class and went to her seat to place her bag, she was taken aback. For on to the chair was laid a dead bandicoot . If you were in Renu's situation what would you do.... Write a diary...
